

Dziko Lathu 2025 Human-Focused Campaign Calendar (May–December)

Dear Dziko Lathu Team,

This is our **2025** action calendar from **May** to **December**. Our goal is to **stay active, consistent**, and focused on **helping people** with what they truly need. We are doing this without **funding** only with our **passion, commitment**, and **unity**.

Let's all **work hard, stay committed**, and **support one another** as we build something meaningful for **our communities**.

Best,
Joseph Peter Kamvabingu

Notes to Follow:

1. **Communicate weekly** — even if just a simple update or encouragement.
2. **Every month**, check with your department leader about your role in that month's campaign.
3. No activity will happen on Saturdays (rest day).
4. **Be creative** — even with no money, we can use our skills, ideas, and teamwork to make a difference.
